

CENSUS COMPLETE COUNT COMMITTEE

(Updated February 2, 2010)

The FNSB Census Complete Count Committee (CCC) is a volunteer committee committed to increasing awareness about the census and motivating Borough residents to complete the Census questionnaire.

The CCC is made up of 13 sub-committees formed to get the word out through existing channels to all aspects of the FNSB community. They include the following: government, K-12 and university, business and community organizations, homeless, outside the PO Box, events, special populations outreach, young people outreach, faith-based, senior citizen, volunteer outreach, and the media. Our goal is to promote a complete and accurate household count during the 2010 Census.
