EDUCATION

Program Description

The Fairbanks North Star Borough School District is a component unit of the Fairbanks North Star Borough (FNSB). The School District has an elected board that is responsible for School District policy and operations.

The FNSB is responsible for the construction and capital maintenance of the school facilities and for the repayment of school construction debt. The FNSB Assembly is also responsible for determining the level of local funding for the School District. The local contribution to Education is an expenditure of the FNSB and is listed as "Education" or "Contribution to Education."

The School District currently receives various support services from the FNSB such as risk management and legal services, which the School District pays for through the Intragovernmental Charges. This charge is classified as a revenue to the FNSB and is found under Intragovernmental Charges - Education.

Goal

Provide local contribution for school operating expenses.

Objectives for FY 2003

Provide the local contribution toward school operating expenses. Additional education related funding is provided in the Capital Budget for major maintenance of certain facilities used for educational purposes. Expenditures related to the payment of school debt are found in the Debt Service budget. Total debt service, debt service payment schedules, and a schedule of school debt entitlement may be found in the Debt Service section.
