FNSB PUBLIC WORKS LAUNCHES ONLINE TRANSFER SITE SURVEY

November 14, 2018, FAIRBANKS: The Fairbanks North Star Borough's Solid Waste Department announces the launch of an online survey to gather information from borough residents who use the Landfill and the Transfer Sites. The survey is available through the Borough website: <http://fnsb.us/Pages/default.aspx>

The survey expects to gather information about Transfer Site user concerns, as well as identify priorities and understand issues that are important to the community. The survey will take less than five minutes to complete.

The Solid Waste Department encourages borough residents who use the Transfer Sites to share the survey link via social media. Resident participation in the survey can determine how the Solid Waste Transfer Sites are managed.

Here is a direct link to the survey: <https://fnsbtransfersite2018.metroquest.com>
