Final Plat Submittal Requirements for Borough or City Engineer

If the final subdivision action requires construction of road improvements or conditions have been imposed that require review of the final plat by the Borough or City Engineer, the following steps must be completed **PRIOR TO** submittal of the Final Plat Application (FNSBC 17.52.010).

1. **Submit the following to the Borough Engineer and, if applicable, the City Engineer:**

- One copy of the final plat.
- Copy of FNSB action letter issued at preliminary approval, which states conditions.
- Copy of driveway permit from the State of Alaska Department of Transportation and Public Facilities for intersection of subdivision roads with State-maintained roads and/or copy of driveway permit from the FNSB Public Works Department for intersection of subdivision roads with borough service area maintained roads
- Surety for subdivision improvements, survey monumentation and/or road warranties.
- An inspection report prepared, signed and sealed by the developer's registered professional summarizing the registered professional's inspection findings for all required improvements and stating that to the best of the registered professional's knowledge and belief all required improvements meet the specifications of FNSBC Title 17 and the requirements of preliminary plat approval.
 - A centerline profile of those areas where centerline grade exceeds six percent and where approach, intersection and turnaround grades exceed two percent.
 - A typical roadway cross-section showing construction details and materials used.
- As-built drawings of culverts, drainage, and/or soil stabilization structures located in the subdivision, and any improvements within the right-of-way.
- Copies of compaction tests verifying that all new/reconstructed roads meet required compaction standards. A minimum of three compaction tests are required; see FNSBC 17.52.010.A.9 for more information.
- Copies of a material test report for each type of material used in the base and surface course of the road.

2. **Once the above items have been submitted, an inspection can be scheduled with the Borough Engineer.**

THE FINAL PLAT CAN BE SUBMITTED TO THE COMMUNITY PLANNING DEPARTMENT ONLY AFTER THE ABOVE ITEMS HAVE BEEN COMPLETED AND APPROVED.

Final Plat Submittal Requirements

- Three (3) copies of final plat (no mylar) [*After mark-up corrections have been made, one (1) mylar will be submitted*].
- Supporting documentation as required by platting officer to establish that all conditions have been met.
- If applicable (see above), letter of acceptance of required improvements from the borough or city engineer.
- Signed & notarized covenants, if applicable.
- Exterior boundary closure.
- Power of attorney or corporate resolution, if applicable.
- Current title report (no more than one year old).
- Notarized statement of non-objection from each party with a secured interest in the property to be subdivided or dedicated.
- Copy of FNSB action letter issued at preliminary approval, which states conditions.
- Copy of flood plain permit if road construction is required within a special flood hazard area.
- Additional requirements can be found in FNSBC 17.52, Final Plats.
