What category best fits your recommendation for this parcel?

<input type="checkbox"/> Residential	<input checked="" type="checkbox"/> <b>Recreation</b> (like trails for hiking, dogsleds or snow machines, parks, sports facilities, or open space)	<input type="checkbox"/> Commercial/Business (like a retail business)
<input type="checkbox"/> Primary Industry (such as mining, gravel, logging or agricultural use)	<input type="checkbox"/> Institutional (such as schools, waste management, flood control or other social service.)	<input type="checkbox"/> Other Please specify

**Subdivision**

Do you recommend that this parcel be subdivided? No If yes, what lot size do you think is appropriate?

Proposed access? Hikers, bird watchers, fisher people, small ATVs.

Should this parcel be annexed into a Road Service Area? No

**Recreation**

Are there trails in the area? Yes Have they been marked and/or mapped? No

Is the parcel compatible with other uses such as snow machining, camping, hunting, mining? Yes for snow machining and other small ATVs on trails to be designated for such use. It includes the spawning area for fish.

Description Consider similarity to Creamers Field

Please describe in detail your recommendations for this parcel including any subdivisions or development ideas. The more detailed you are here the better the we will understand your suggestions, attach a map or drawings if it helps describe your design.

The area is the Salehaket River drainage that is vital to the viability of Harding Lake, formerly Salehaket Lake. The quality of the Lake's water depends on the wilderness features that influence the condition and amount of water in the Lake. Those features need support as do fishing and lake property tax revenue.
