FNSB Encourages Borough Residents to be Aware of Government “imposters”

Fairbanks, AK – The Fairbanks North Star Borough has received a report of an individual pretending to be a borough employee. The imposter reportedly entered a private residence on false pretense, and when confronted could not produce identification.

It could be hard to recognize an imposter through the information that they present. They may use a variety of tricks to distract your attention with a story about why they are at your location. **Remember to be safe and immediately request identification from anyone who states that they are a borough or government employee.**

All borough employees carry borough employee identification cards and they travel in clearly marked borough vehicles with the borough logo on the side.

If you have any questions or concerns, please call the FNSB Assessing Department at 459-1428 or the Mayor’s Office at 459-1304.

Please report any suspicious activity in your area immediately to the appropriate local law enforcement office:

Fairbanks Police Department: 907-450-6500
North Pole Police Department: 907-488-6902
Alaska State Troopers: 907-451-5100
