RE: Select Transfer Site Consolidations – Richardson Highway

Dear Richardson Highway Resident,

This letter is to notify you that the Moose Creek and 30-Mile Transfer Sites have been selected to close permanently on January 31, 2020, and the Midway Transfer Site in August 2020.

In 2013, the Borough assembly appropriated the first of three ordinances that provided funding for a Major Maintenance and Improvement Plan for area wide transfer sites. These projects expanded transfer sites, provided recycled asphalt pavement surfaces, constructed grade separated roll off areas, installed energy efficient lighting, new fencing and gates, reuse shelters, and hazardous waste container shelters etc.

A recommendation from the Borough’s Major Maintenance and Improvement Plan was to consolidate several transfer sites into one single transfer site thereby improving the efficiency of waste collection and reducing costs. A Salcha Transfer Site Expansion Project is being designed, with sufficient capacity for the entire area, and construction is scheduled for the summer of 2020.

After careful review, the selection was made to close the Moose Creek and the 30–Mile Transfer Sites on January 31, 2020. The Midway Transfer Site is tentatively scheduled for closure in August 2020, after the Salcha Transfer Site Expansion Project is complete.

Area residents are being provided with advance notice and are requested to begin using these alternate transfer sites:

<table>
<thead>
<tr>
<th>Alternate Transfer Site</th>
<th>North Pole Transfer Site</th>
<th>Badger Road Transfer Site</th>
<th>Salcha Transfer Site</th>
</tr>
</thead>
<tbody>
<tr>
<td>Address</td>
<td>2740 Old Richardson Highway</td>
<td>855 Badger Rd.</td>
<td>8121 Richardson Highway</td>
</tr>
<tr>
<td>Driving time and distance</td>
<td>7 miles away or ~ 11 minute drive from Moose Creek Transfer Site</td>
<td>15 miles away or ~ 16 minute drive from Moose Creek Transfer Site</td>
<td>7.4 miles away or ~ 7 minute drive from 30-Mile Transfer Site</td>
</tr>
</tbody>
</table>

11 miles away or ~ 12 minute drive from Midway Transfer Site
